Studio C

Morning 9:30am – 12:00pm

Day	Class	Facilitator	Description
Monday AM	Mixed Media Photography	Paula Timm	Take and alter photographs of yourself and the world around you! Learn how to apply these images to canvas to create your own whimsical portrait. Supplied digital cameras will be utilized in studio and on the street to capture everyday objects that can be transformed with mixed media. Students will learn basics of photography, using digital editing and light tablets. We will also use mediums such as beeswax, acrylic paint, gesso, coloured pencils, and pastels!
Wednesday AM	Colour Theory Painting	Sarah VanSloten	This class explores the many ways to use colour in your paintings. Have you ever used a Colour Wheel, or discovered how to mix tints and shades? How does our use of colour affect what we express in our artwork? What does it mean to use vibrant, shocking colours versus pale and subdued ones? Learn about the emotions that are evoked using warm and cool colours. Let's explore together in this class!
Thursday AM	World Art Illustration	Nathan Thomas	Join us for a drawing journey across the world! Creating powerful images is an important part of every culture; from the ancient glyphs of Latin America and the tribal tattoos of Polynesia, to the bold creations of modern graphic novelists from Japan. You will explore diverse media such as pencil, ink, water colour and clay. Students will complete a mini-portfolio of diverse illustrative techniques from hieroglyphics to graffiti.

All classes may include off-site tours, gallery visits, field trips, and/or guest artists.
